A CIA "Exclusive"

IF THE CIA CALLS YOU to Langley, VA, for an "exclusive visit with Director Admiral Stansfield Turner, think twice about it. *Time*, *Newsweek*, and *U.S. News & World Report* all wish that they had. All were invited to "exclusive interviews" with Turner recently. All three ended up printing rather favorable stories in issues with the same cover dates. Two of the magazines had Turner on the cover. There is no way the *JOURNAL* can send through the mails what the magazines are saying now about their "exclusive" interviews. ☆☆☆
